

Built for both of us *to win.*

A simple breakdown of how the money works, what each of us brings, and where this business can go. Read this as a plan — not just a split.

01 — WHAT STUDENTS PAY

MONTHLY MEMBERSHIP

2,500

MVR · paid once a month · 3 classes a week

Students come 3 times a week and pay once at the start of the month. That makes the money **predictable** — like a **salary**, but from your own business.

SINGLE DROP-IN CLASS

350

MVR · one class · no commitment

For tourists, visitors, or people who want to try first. **Much more expensive per class** — which makes the monthly look like the smart choice.

LAUNCH STRATEGY — BEFORE JULY 20

Lock in your first students before the doors open. DM 30–40 people directly — friends, family, anyone who's ever asked Zey about yoga. Offer them a founding member rate: MVR 2,000 for the first month only, locked in forever as long as they stay. This guarantees the first class isn't half-empty, gets real money in before launch day, and gives the business momentum from the very first session.

02 — HOW WE SPLIT THE MONEY

LAUNCH + TRIAL · JUL – OCT

70 / 30

A **trial period** — Zein proves the value before taking a bigger share

MONTH 4 ONWARDS · NOV+*

60 / 40

The **full partnership** — once we've proven it works

Think of the first 3 months as a **probation period**. Zein takes 30% while proving the marketing works, the classes fill, and the business runs without Zey having to think about any of it. Once that's done — and it will be — the split moves to 60/40 automatically in November. No conversation needed.

03 — WHAT EACH OF US DOES

Zey.

Teacher, Face & Brand

60–70% OF EVERYTHING

- The certified yoga teacher — the entire product
- The face of Salt to Soul — the reason students come, and the reason they stay
- The brand — her story, her training, her personality is what Salt to Soul is
- Yoga teacher experience at Soneva Secret — one of the most exclusive resorts in the Maldives
- Shows up and teaches every class, every week
- Builds real relationships with students in the room
- Without her, there is no Salt to Soul. Full stop.

Zein.

Admin · Marketing · Strategy · Everything else on the business side

30–40% OF EVERYTHING

- Marketing — every campaign, strategy, and idea that brings students in the door
- Content creation & copywriting — every post, caption, photo direction, and story
- Social media management — daily posting, scheduling, growth, engagement
- Inbox & booking management — every DM, enquiry, confirmation, and follow-up
- Accounting & finances — all money tracked, clean, and organised
- Operations management — everything that keeps the business running smoothly
- Strategy — deciding what to launch, when, and how to keep growing
- Brand, website, and business registration — built from nothing

04 — WHAT WE EACH MAKE, MONTH BY MONTH

TO PUT IT IN PERSPECTIVE

A typical full-time salary in Malé sits around **MVR 15,000–20,000 a month**. By month 3, Zey earns **MVR 63,000** — teaching three mornings a week, doing what she loves, in her own city, building something that's entirely hers.

YEAR 1 · TOTAL

MVR 2.3M+

No rent. No staff costs. Almost all of this is kept. Projection based on gradual class growth — conservative in the early months.

MVR 1.4M+

From teaching, on her own terms, in her own city.

YEAR 1 · ZEIN

MVR 900k+

For running everything behind the scenes, every single day.

05 — THE BIG PICTURE

This isn't just about filling a few classes. **This is what Salt to Soul can become** — step by step, at a pace that makes sense. No rush. Just a clear direction.

NOW — JULY 2026

The terrace. Two groups. Classes filling up.

MVR 60k
/ MONTH BY AUG

We launch with 2 groups of 12. Marketing starts, word spreads, the waitlist builds. By month 3 we're at 36 students. By month 6, 72. **Zey teaches what she loves. The money comes in every month, like a salary.**

YEAR 2 — MID 2027

8 sessions a day. A second teacher joins.

MVR 300k+
/ MONTH

By next year, demand is high enough that Zey can't — and shouldn't — teach every session alone. **We hire a second yoga teacher** at a fixed monthly salary. They take the early mornings. Zey teaches only the sessions she actually wants to teach. The income keeps coming in either way.

YEAR 2–3 — THE STUDIO

A proper studio space in Malé. Then pilates.

A dedicated studio — not a terrace, but a space that's fully ours. More capacity, more income. **Then comes the big move: 5 reformer pilates machines.** Zey does a pilates certification. Pilates classes launch alongside yoga. A completely new income stream, from the same space.

STUDIO RENT EST. 5 REFORMERS · ONE-TIME INVESTMENT
MVR 20k / mo **MVR 225k total**

The machines pay for themselves in under 2 months at full capacity. **A one-time investment, not an ongoing cost.**

YEAR 3+ — THE BUSINESS RUNS ITSELF

Teachers are in. The studio is full. Money comes in every month.

MVR 400k+
/ MONTH

The studio has a team. Classes run with or without Zey in the room. **Zey doesn't have to work when she doesn't want to.** The income is consistent regardless. She still teaches when she feels like it — because she loves it, not because she has to.

THE LIFE — WHAT ALL OF THIS IS ACTUALLY FOR

She goes wherever she wants. The money keeps coming.

Host a retreat on a private island in the Maldives. Go to a yoga retreat in Bali. Travel the world. **Salt to Soul keeps running. The income keeps coming. She built something real — and now it works for her, not the other way around.** This is the end goal. And it is genuinely achievable from exactly where we're starting right now.

06 — WHAT HAPPENS NEXT

- Confirm July 20 as the launch date**
Lock it in. Everything else — the content, the outreach, the schedule — works backwards from that date. Once we both agree, it's real.
- Send the founding member offer this week**
DM 30–40 people directly. Offer the founding rate — MVR 2,000 for the first month, locked in as long as they stay. This fills the first class before it even opens.
- Sign a simple one-page partnership agreement**
Just the basics: the split, who does what, and what happens if either of us wants to leave. It protects both of us — and it takes 20 minutes. Starting money without something on paper isn't smart for either of us.

I didn't put this together because I want a cut of something. I put it together because I've watched you build something real — the teaching, Soneva, the brand — and I don't want to see it stay small just because no one was running the business side. You are Salt to Soul. I just want to make sure the world knows it, the classes fill, and the money comes in every month. This is how we do it together.
